

# LONG LIVE LOVE

#136

Music and Lyrics Chris Andrews

I have waited a long, long time  
For somebody to call mine  
And at last he's come along  
Baby, oh nothing can go wrong

We meet every night at eight  
And I don't get home 'til late  
I say to myself each day  
Baby, oh long, long live love, mmm-mmm

True love must be the greatest thing  
I know now why singers sing  
Of the moon and stars above  
How I love to be in love

We meet every night at eight  
And I don't get home 'til late  
I say to myself each day  
Baby, oh long, long live love, mmm-mmm

Now, of one thing I'm more than sure  
Since love's come, I don't want more  
Than to kiss him every night  
Makes everything all right
